Get Ready to Earn Your Pay, Tully!!

The search is on for THE ADDAMS FAMILY™ fortune, and as Tully Alford (THE ADDAMS FAMILY™ Lawyer) it's your job to find it. Come face to face with the famous family as you look high and low for the Family Vault. Gomez has ordered you to find its hiding place, and if you do, he says you can help yourself! The Vault is hidden somewhere in THE ADDAMS FAMILY™ Mansion. The only catch is, the whole Addams Family is waiting there too, not to mention an assortment of ghosts, goblins, creatures and beasts. Worst of all, Fester is out to get you! He's hit his head again and needs to be knocked back to his senses! It's all up to you in this rollicking adventure game of fun and surprises.

Object of the Game

Playing the part of Tully Alford, enter THE ADDAMS FAMILY™ property. From the Cemetery, to the attic, to the creepy underground labyrinth, search for the Family Vault. Collect money and jewels as you go, but watch out for Fester (he's really not himself these days.) Look for power-up items and weapons along the way. Use them to your advantage—you never know what's going to jump out at you next!

Note: THE ADDAMS FAMILY™ is a single player game.

Game Play

THE ADDAMS FAMILY™ is a horizontal scrolling action game. You control the character "Tully" using your TurboPad Controller. Play is based on the "damage" system. Each time you defeat an enemy, you will be rewarded with a small trinket .

Number of Lives and "Game Over"

You begin the game with three lives. When you lose all your lives or find and open the Family Vault the game is over.

Stages of the Game (Rooms and Tunnels)

THE ADDAMS FAMILY™ consists of rooms and tunnels instead of stages and levels. The mansion is made up of two floors with 22 separate rooms. The underground labyrinth, beneath the mansion, consists of dozens of tunnels. You must find all the keys to move freely from room to room in your search for the entrance to the Labyrinth.

Dealing with Fester

Fester is a very important character in the game. He appears and reappears throughout the game trying to interfere with your search and beat you to the vault. If you can knock him over the head, you may restore his memory. Out of gratitude, he may show you into the Vault (in fact, he's the only one who can!).

Starting the Game

From the Title Screen Press "RUN" to begin your journey.

Pausing the Game

During play, the game can be paused by pressing the RUN Button. Press the RUN Button again to resume play.

Resetting the Game

During play, the game can be reset to the title screen by holding down the RUN Button and pressing the SELECT Button at the same time.

Fester Addams

The strange brother of Gomez, Fester has slipped on some ooze and bumped his head. Now his evil alter-ego threatens to beat you to the Vault. Remember that Fester is the only one who can show you into the Vault! You may have to fight him in order to restore his memory, which holds the combination.

Thing™

Granny Addams

A zany lady whose cooking is really different! She's not afraid to get into a serious foodfight nor unleash some creepy characters in the attic.

Lurch

Acting as a hall monitor, Lurch's job is to keep Tully moving through the house.

THE ADDAMS FAMILY™ Property

Cemetery

Side-step puddles of quick sand and avoid Gomez's exploding golf balls. Watch out for goulies that roam around the graves.

Mausoleum

Your main objective here is to immobilize Uncle Fester and open the door. His pet spiders and bats will keep you busy while Uncle Fester throws high voltage light bulbs at you.

Hallways

Keep an eye out for Lurch and his dinner surprise. Avoid the falling wax and search each room carefully.

Secondary Rooms

These include Bonus Rooms and Empty Rooms. Bonus Rooms contain jewels, power-ups, hearts, or one-ups. Empty Rooms contain strange ghosties that can throw you right out of the house, back where you started!

Granny's Kitchen

You must disable Granny's stove before she can cover you in food.

Pugsley's Lab

Train Room

Wednesday's Room

This little lady is a formidable enemy! She has the power to levitate objects and throw them at you!

Den

Match dueling skills with master swordsman, Gomez.

Labyrinth and Caves

Not much is known about the underground Labyrinths and caves, except they are full of beasts and creatures. Will you ever find the vault?

Gomez's Vault

Here you encounter Gomez the Swordsman again. You must defeat him to obtain your riches! But watch out for that rascal Thing, because money is on his mind too. The longer you fight, the more money that disappears!

Weapons & Playing Tips

You begin the game with an umbrella. See if you can find the sword, which is hidden somewhere in the mansion.

Umbrella

Shoots magic bursts and can be powered-up one level. Use this to your advantage.

Sword

The sword should only be used in dire situations.

Playing Tips

The Addams Mansion is fun, but the Labyrinth is where the action really takes place.

The umbrella power-up is very rare. Use strategy before picking up this item. You will only get one chance.

Don't get too comfortable with the umbrella, some of your enemies can only be injured with the sword.

Learning when to use the Hurricane Irene Books is essential. One book can eliminate many objects at one time.

Hurricane Irene Book

Very rare. Blows all enemies right off the screen! Earn an extra book every 15,000 points.

Note: To use a Hurricane Irene Book, hold the thumbpad down and press the Select Button.

Transformation Formula

This formula will transform Tully into a powerful man-beast able to withstand mega damage. It's like an extra life or better.
