Story and Objective of the Game

Story

The Evil King Drool has sent forth powerful cyber robots to carry out his evil designs. But a team of cool, sunglasses-wearing warriors lead by Zonk have discovered his plot and have risen against him. In hopes of defeating this team, King Drool sends wave after wave of terrible cyber robots. But by combining their power, Zonk and his friends can destroy even the worst of the cyber robots. Get ready! The fight is about to begin!

Objective of the Game

Enemies appear before you. Destroy all enemies to advance to the next stage. At the end of each stage, you must destroy the commanding cyber robot boss.

You possess great skills of flight, but you are not powerful enough to fight the cyber robots without help. Pick up Air Bones to get the special weapons contained within. Items give you more attack power. Yellow Smiley Faces wearing sunglasses appear as you destroy enemies. A friend will appear to help you fight the cyber robots when you pick up a Big Smiley Face. Picking up another Big Smiley Face allows you to integrate with this friend. During the time that your combined bodies glow, you are invincible and can destroy enemies merely by touching them. Small Smiley Faces also appear, and can be picked up for extra points. You can get extra lives at various scores.

When you lose your last life, the game is over.
Combine strength with your friends, and clear all the stages!
